white-water kayaking 'semi-dry' top

An alpine style, mid-weight jacket offering dynamic performance, with the added comfort of a flexible ultra-stretch neoprene neck gasket. A fantastic all-rounder ideal for a wide range of uses – river running, playboating, surfing, raft guiding, kayak trip leadership and instruction.

Features include:

- Flexible Ultra-Stretch neoprene neck gasket increases comfort for those with latex allergies and when used in salt water
- Natural latex gaskets at wrists with adjustable outer cuffs featuring laser-cut drainage vents
- Super-articulated cut, with pre-bent sleeves and no underarm seams
- YKK® AquaGuard zipped chest pocket
- Nylon 330D abrasion resistance at elbows and forearms
- Velcro® adjustable neoprene waistband with asymmetric cut for improved fit
- Contoured inner waist with sticky elastic edging
- Fully taped seams throughout
- Laser-cut 3M Reflective detail on sleeves and cuffs
